
Green School Bali is a progressive, dynamic and wall-less Pre-K to Grade 12 educational institution, located in the lush jungle of Bali, Indonesia.

Internship Description:

Green studies is a way of experiencing, investigating, understanding and explaining our natural. Physical world and the wider universe. It involves being fully immersed in nature with wonder and awe by generating and testing ideas, gathering evidence- including by making observation, carrying out investigation and modelling, communicating and debating with others- in order to develop a deep love for nature with knowledge, understanding and explanation. Progress in Green studies comes from curiosity, logical, systematic work and from creative insight- built on foundation of IRESPECT values for evidence, curiosity and a love of nature.

Role Description:

- Love nature
- Assist the students with their learning, project, and group work
- Do co-planning with the teacher
- Actively engage with the learning process
- Giving feedback about students for the assessment

Requirements:

- Willingness to learn a new skill
- Strong attention to detail and organization skill
- Ability to work and adapt and work within multi-cultural community
- Excellent English and communication skills, both writing and speaking skill
