# Enrolment Fees

## Tuition

Single Semester Enrolment is an option only for Early Years and the tuition fees are calculated on half the annual tuition fee for the relevant grade, plus 10%. All other Learning Neighborhoods require a one-year (two semester) commitment, up to Grade 10. The Diploma Program requires a two year commitment (Grades 11 and 12). For new families paying by semester, a loading of 20% is added to the first semester payment and is then credited to the second semester tuition payment. For all families paying by semester, the tuition fee is 7.5% higher for the entire year. Paying by semester does not mean that enrolment is by single semester and fees are not prorated for time out of school during enrolment.

Our vibrant parent community is supported by the Green School Parent Association (GSPA) along with The Bridge (the School's parent co-working, co-creation and co-learning space). ## Additional Student Support

When a student presents with a level of support required to meet the standard of an ISP (Individual Student Plan) as defined by the School, the School may charge for the time and support it takes to manage that ISP and provide that support. Support needs can change and it is important to note that support service charges may need to be adjusted (up or down) over time.
