

Green School Bali Tuition & Fees Schedule

2025-2026

Admissions Fees

Application and Registration Fees:

New Student Admissions Fees Per Individual Child
Application Fee 4,000,000 IDR
(One-time) Registration Fee 36,000,000 IDR
Total Admission Fee (Non-refundable) 40,000,000 IDR

All applications are required to be submitted together with the Application Fee. An application fee is required for each enrollment cycle and is **not refundable** even if a place is not provided to the student. Once the Application fee has been paid and all application materials are submitted, the application review process commences. The registration fee is payable once and is invoiced upon acceptance of an enrollment offer to reserve the place or to be added to the waitlist pool. The registration fee is **not refundable** should the parent withdraw their application.

Refundable Deposit:

Refundable Deposit 30,000,000 IDR/child

Green School Bali holds the Refundable Deposit for the duration of the student's enrolment. When the student leaves Green School Bali, the Deposit is refundable in accordance with the School's withdrawal deadlines and refund policies subject to any outstanding payments owed and shall be without interest. In the event of withdrawal earlier than the min. enrollment period of 12 months, or in case of late withdrawal notice after the Intention to Continue deadline, the deposit will not be refunded.

Enrolment Fees

The Tuition Fees (in IDR) for the School Year 2025/26 are:

Grade Level	Full Year Payment (1x)	Semester Payment (2x)*
Gecko & Starling	177,800,000	93,345,000
Kindy	210,140,000	110,323,500
Primary School (Grades 1-3)	240,370,000	126,194,250
Primary School (Grades 4-5)	245,800,000	129,045,000
Middle School (Grades 6-8)	278,440,000	146,181,000
High School (Grades 9-10)	295,600,000	155,190,000
High School (Grades 11-12)	319,030,000	167,490,750

Single Semester Enrolment is an option only for Early Years and the tuition fees are calculated on half the annual tuition fee for the relevant grade, plus 10%. All other Learning Neighborhoods require a one-year (two semester) commitment, up to Grade 10. The Diploma Program requires a two year commitment (Grades 11 and 12). For new families paying by semester, a loading of 20% is added to the first semester payment and is then credited to the second-semester tuition payment. For all families paying by semester, the tuition fee is 5% higher for the entire year. Paying by semester does not mean that enrolment is by single semester and fees are not prorated for time out of school during enrolment.

Additional School Activity Fee Policy (High school)

The High School programme at Green School Bali includes an additional fee of **7 million IDR** per student to cover High School Service Trips, which are an integral part of the learning experience. Additionally, throughout the year, students have the opportunity to participate in optional activities such as specialised sports tournaments and unique experiential programmes. These activities come at an additional cost and are designed to further enrich student learning..

This fee will be included in the **second semester billing cycle**.

Miscellaneous Fees

Every Green School Bali family plays a role in supporting a new generation of Indonesian changemakers, by contributing to the Local Scholar Program. The mandatory levy applies to each Green School family (not per child), and is payable annually. Our vibrant parent community is supported by the Green School Parent Association (GSPA) along with The Bridge (the School's parent co-working, co-creation and co-learning space). This mandatory payment entitles up to two parents membership for The Bridge.

Local Scholar Annual Levy	8,500,000 IDR
Membership to Parent Programs	2,300,000 IDR (GSPA 280,000, and Bridge 2,020,000)

Additional Student Support

It is crucial to share any information regarding identified support needs during the application and enrollment stages to ensure appropriate support for children's well-being. By endorsing this Agreement, you acknowledge the disclosure of specific needs and any prior documents, such as Individual Student Plans (ISPs), Individual Education Plans (IEPs), Education Support Plans (ESPs), Personalized Learning Plans (PLPs), Student Support Plans (SSPs), Academic Support Plans (ASPs), Behavior Support Plans (BSPs), Behavior Education Plans (BEPs), Psychology Reports, Transition Plans, or similar reports from previous schools, educators, and psychologists during the application process. Additionally, it's essential to recognize that support needs may evolve, and corresponding service charges could be adjusted, either increasing or decreasing, over time.

If a student requires a level of support that aligns with the standards outlined in our policies and as determined by the School educational leadership and student support teams, the school will be charged for the time and resources expended in managing and delivering that support. The school retains the authority to mandate the implementation of an ISP plan and the associated termly payment. Additionally, the school maintains the prerogative to define the specific nature of this support on a case-by-case basis, considering the holistic needs of each student.

English Language Learners (ELL)

Students with additional English language learning needs will be assessed using an online assessment WIDA.

WIDA, which stands for World-Class Instructional Design and Assessment, provides English language proficiency standards and assessments for English language learners (ELLs). The WIDA proficiency levels, also known as language proficiency levels, are used to describe the English language development of ELLs. These levels help educators understand and address the language proficiency of students. The WIDA proficiency levels are typically designated as follows:

Level 1: Entering (EN) - Students at this level have minimal English language proficiency. They may understand and produce basic vocabulary and phrases, but communication is limited.

Level 2: Emerging (EM) - Students at this level show an expanding understanding of English, with increased vocabulary and ability to communicate in simple sentences. However, their language proficiency is still developing.

Level 3: Developing (DEV) - At this level, students demonstrate a developing ability to use English for academic purposes. They can understand and use more complex language structures, though some support may still be needed.

Level 4: Expanding (EXP) - Students at this level are expanding their ability to use English in more complex academic contexts. They can understand and produce language with increasing complexity and independence.

Level 5: Bridging (BR) - At the Bridging level, students are approaching English language proficiency comparable to their peers who are native English speakers. They can engage in grade-appropriate academic tasks with support.

It's important to note that these levels are part of a continuum, and students will progress through them at their own pace. Students entering High School will have to be at level 4 or 5 composite to enter and access the program.

Learning and/or Behavior Support ‘Intensive’ Level of Support Required

One-on-One Aide

If a student necessitates a full-time student support tutor or aide, it is the sole responsibility of the carers to locate and bear the expenses associated with such educational support. While Green School Bali will assist in identifying a tutor whenever feasible, the ultimate responsibility for this arrangement rests with the carers or guardians. The school and the carers or guardians will jointly decide on the final assignment of an aide as the school reserved the right for Child Protection to approve all individuals working with children on campus.
